

CALL FOR APPLICATION

Summer School in Fabric Patterning at the Technical University of Liberec (Czech Republic)

The Technical University offers a unique opportunity to students of textile engineering and design at its partner institutions in China. Students can spend two weeks in a historical town in the heart of Europe and learn how to implement the process of fabric production from the first idea of design to its transfer to knitted fabric and Jacquard weaving.

ADVANTAGES:

- Summer School at the largest Faculty of Textile Engineering in Europe
- Each student can produce his/her fabric based on own design
- Excellent laboratories and semi-production facilities
- Mentoring by the well-known Professors and experienced Associate Professors of the Faculty of Textile Engineering
- An opportunity to study in Liberec - a beautiful central European town in Bohemia near to Prague

THE COST OF THE SUMMER SCHOOL IS SPONSORED BY THE FACULTY OF TEXTILE ENGINEERING.
NO FEE WILL BE CHARGED TO STUDENTS FROM CHINESE UNIVERSITIES IN 2016.

OTHER COST:

- USD 600 or less (includes accommodation, food, public transportation, mandatory health insurance, etc.)
- Airfare
- VISA

APPLICATION must include:

- Filled-in application form (see attachment)
- Letter of recommendation from a Professor, Assoc. Professor or Assist. Professor
- Academic transcript from the previous semester
- Scan of the main page of a valid passport

Kindly only support applications of students with sufficient knowledge of English.

DEADLINE FOR APPLICATION:

JULY 15, 2016
